The User maintains sole responsibility for complying with all applicable data privacy regulations. The User must ensure that he is authorized to use DeMILI.

Delivery to DeMILI Net's members

DeMILI sends notification mails to the selected DeMILI Net's member after the upload of a file in order to grant the access to the DeMILI Net's member to the de-identified file and enable its download for analysis purpose.

In case the DeMILI Net's operator cannot analyze the file due to problems linked to the anonymization process of the DICOM file, it may require access to the file without anonymizing in order to develop the analysis. In such case the operator will justify in the diagnosis report comments box the reasons for the access request to the non-anonymized DICOM file. By the acceptance of this disclaimer the applicant authorizes this procedure for the described exception.

DeMILI keeps the uploaded data stored on Talemnology's servers in a format whereby they can be downloaded by the DeMILI Net's member for a period of 10 days. At the end of this period the data is permanently deleted. DeMILI keeps the de-identified DICOM-file indefinitely for back-up purposes.
